## NEW AND IMPORTANT DISCOVERY. DR. PHLEPS' COMPOUND TOMATO PILLS,

[ENTIRELY VEGETABLE.]

A New and Invaluable Medicine for all Diseases  
arising from Impurities of the Blood, Malaria  
& Secretions of the Liver and Stomach; also, a  
Substitute for Calomel;

as a Cathartic in Fevers and all  
Billious Affections.

THESE popular Pills being a combination of a  
newly-discovered Alterative substance, extract-  
ed from the TOMATO PLANT, with other vegeta-  
ble substances which have been found to modify  
and diffuse its effects, are believed to be the best  
Alterative and Cathartic Medicine ever discovered.

They have been abundantly and successfully tried,  
and have received universal approbation for their  
use. Dyspepsia, Jaundice, Bilious Diseases, Gastro-  
nervous Diseases, Coughs, Cold, Inflammation, Catarrh,  
Rheumatism, &c.

For a square three-inches in diameter, daily or weekly  
one-half a square and less than a square  
inch, for five cents and 25 cents for each week it may be con-  
tinued in the daily.

Less than half a square 75 cents for three in-  
ches, and 35 cents for each week it may be con-  
tinued in the daily.

Advertisers marked daily and weekly, will  
be charged 35 cents per square and 12 1/2 cents  
per inch in a square for each insertion in the daily.

The Publishers will not hold themselves re-  
sponsible for any error that may occur, beyond  
the amount charged for the advertisement.

Dr. E. B. FLETCHER, at the Mechanic's News  
Room, Boston, is Agent for this paper. Advertise  
ments sent with him will be immediately forwarded.

**NOTICE OF FORECLOSURE.**

The undersigned gives notice that as Assignee  
he holds a mortgage debt given by Luther

N. Phelps and Alanson H. Leavitt, in Gorden Pur-  
chased a certain parcel of land, situated in Bangor,  
containing a part for 221, according to Treat's  
plan, dated Sept 30, 1839, and more fully described  
in said mortgage. Recorded in Penobscot Registry  
of Deeds, Book 50, Page 461. Said mort-  
gage was assigned by said Gorden Purchase to  
Henry Warren, and is recorded in said Registry  
of Deeds, book 94, page 486. And to said Henry  
Warren was assigned to the subscriber, and re-  
corded in said Registry of Deeds, book 121, page  
41. And notice is hereby given that the condition  
in said mortgage has been and still remains  
broken, by reason thereof the subscriber as As-  
signee claims to foreclose said mortgage and of  
his intention so to do, agreeably to the provisions  
of the statute in such case made and provided.

ABNER R. HALLOWELL, Assignee,  
Bangor, May 22. — dsBwM

## DR. SHURELL'S NEW CELEBRATED RHEUMATIC, NERVE AND BONE PILL.

APPLIED morning and night, has cured hundreds  
of persons of the swelling of the glands of the  
neck, and relieves the numberless contractions  
of the limbs, and will take swellings down, and in-  
flammations out of the flesh, rheumatism, bruises  
and sprains. It gives immediate relief; it strengthens  
weak limb, and extends the car's when contracted. A few drops on sheep's wool applied to  
ear of deaf persons, will, by constant applica-  
tion, cause them to hear in two months' time.

Sold by the Druggists in Bangor and throughout  
the State. Address, COMSTOCK, & CO., New York.

New York.

**HEADACHE.**

Dr. E. SPURGEON, a German-physician, of much  
note, having devoted his attention for some years  
to the cure and removal of the causes of the NER-  
VOUS AND SICK HEADACHE, has the inten-  
tion to make known, that he has a remedy which  
by removing the causes cures effectually and per-  
manently this distressing complaint. There are  
many families who have considered Sick Headache  
an constitutional incurable family complaint. Dr.  
Spurgeon shows them that they are mistaken, and labor-  
ing under distress which they might not only allevi-  
ate, but eradicate by the use of his remedy.

It is the result of scientific research, and is entire-  
ly a different character from advertised patent  
medicines, and is not unpleasant to the taste.

Sold by every Druggist in Bangor, and through-  
out the State. Address,

COMSTOCK, & CO. New York.

Sept 29.

**LAST DAY.**

HAVE YOU A COUGH? Do not neglect to  
have me a premature death for the  
rest of a little attention to a common cold.

Have you a cough? Rev. Dr. Bartholomew's  
Expectorant Syrup, is a safe medical prescription,  
containing no poisonous drugs; and used in an ex-  
tensive practice for several years, will most pos-  
itively afford relief, and save you from that awful  
disease, pulmonary Consumption, which usually  
leaves the grave, hundreds of the young, the  
old, the fair, the lovely and the gay!

Have you a cough? Be persuaded to purchase  
a bottle of this Expectorant Syrup to day! To  
those who may be too late,

It is strong enough! Bartholomew's Expecto-  
rant Syrup is the only remedy you should take, to  
cure you:

For this plain reason: That in no one of the  
thousand cases where it has been used, has it failed

to cure you.

In the Office of COMSTOCK & CO., sole Agent, and at  
every all respectable Drug Store.

Sold by all the Druggists in Bangor, and through-  
out the State.

Address, COMSTOCK, & CO. N. Y.

To the Honorable Samuel Cony, Judge of Probate  
in and for the County of Penobscot and  
State of Maine.

REPRESENTS that the undersigned, one of  
the executors of the last will and testament of  
W. H. Sullivan, of the city of Boston, and  
of the County of Middlesex, Esq. deceased,  
has fully proved and allowed the same to be probated  
and the Probate Court within and for the  
County of Middlesex and Commonwealth aforesaid  
to be valid. It is further certified, that he for  
himself and behalf of his co-executors, therefore  
lays your Honor's hands with a certified copy  
of said Will and Testament, to be received  
and recorded in the Registry of Probate  
and for the County of Penobscot aforesaid. And  
that the same will ever remain,

RICHARD SULLIVAN.

Attest, — RICHARD SULLIVAN.

## BANGOR WHIG.

FRIDAY, JUNE 4, 1841.

The Boston Whig and Courier has been selected by the Secretary of State as one of the papers to publish the "Orders, Resolutions and Laws of Congress, and Public Treaties entered into and ratified by the United States."

### ARRIVAL OF THE ACADIA.

The steamer Acadia arrived at Boston on Tuesday night, in thirteen days and half from Liverpool, having left on the 10th. We are indebted to the Boston Atlas, Mail and Tribune for the intelligence.

The Great Western arrived at King's Road on the 14th, thus completing her home voyage of thirteen days, and fairly beating the Columbian.

The steamship Columbia arrived at Liverpool on the 15th, having made the passage in fifteen days, and fairly beating the Columbian.

LONDON, May 18.

THE PRESIDENT'S STEAMSHIP.—Up to yesterday (Sunday) afternoon, no tidings of the Steamship President, Lieutenant Robert R. McCormick, had been received by the British and American Steam Navigation Company, at their office in Billiter square, Pall Mall street.

The following reports have been received:

"Cove of Cork, May 12.—The Columbia Packet Captain Garrett, from Montevideo, which place she left on the 27th of January, for Antwerp, has come in here, and Capt. Garrett reports that 10 days since (2d inst.) in Lon. 18, he saw at some distance a large steamer, bound for the eastward, and which appeared to him to be disabled, as she was going very slowly and could hardly keep way with his vessel. At night came he lost sight of her, and 2 days afterwards experienced a heavy gale to the eastward. The apparently disabled ship was so far from him that he cannot describe her appearance further than she was a large steamer."

Captain Garrett had not heard that the President was missing until asked by the gentleman, (George Wright, Esq.) surveyor to Lloyd's, who was good enough to favor us with these particulars.

The Paris papers are filled with the news contained in our eastern correspondence, the essence of which correspondence is that the Porte has modified the firman in favor of Mehemet Ali, and ordered an expedition to sail for Canada, to put down the insurrection. One of our Consuls—Syria has considerably improved since it has been given up by the licentious troops of Ibrahim Pacha, but another correspondent gives a different picture of the state of that province, and asserts that the people have much suffered by the change.

### GREAT BRITAIN.

The business in the manufacturing towns still continued dull, and a great many workmen were out of employ.

The principal subject of excitement was the proposed repeal of the corn laws; but no definite action was had on the subject in Parliament.

Lord John Russell has announced his scale of civil duties to be substituted for the present protective law.

Great as is the enthusiasm against the Corn laws in England, it is much surpassed by the feeling which exists in Scotland. There is scarcely a town or district of the least importance that has not petitioned, prepared to petition, or taken some other measures to accomplish the overthrow of the landlord's monopoly.

### FRANCE.

The Court of Peers closed on Tuesday its secret deliberations on the affair relative to the attempt against the King's life on the 15th day of October. Darnac, as the principal author of the attempt, and Duclos and Consideré, as his accomplices, are to be tried by the Court of Peers. The eight others accused were acquitted of the charge of having been accessories; but seven were to be tried by the Court of Corrections. Police, for being affiliated to illegal associations and having in their possession warlike stores and arms. One only Borel, who became an informer, was set at liberty.

### SPAIN.

News from Madrid to the 8th had been received. The Chamber assembled on that day for the election of Regent, and Espartero was chosen on the first ballot.

Some serious disturbances have taken place in Valencia, in consequence of the resistance of the population to the collection of Muriel taxes. Brigadier Gen. Zubango, an eye-smuggler, and formerly a brigand of the Ebro, had marched from Valledolid to put down the insurrection.

### ALGERIA.

The Toulonais of the 9th instant, brings intelligence of fresh massacres committed by the Arabs in the environs of Algiers. On the 1st, about 20 native horsemen appeared in advance of Dely Ibrahim, and exchanged some shots with the garrison. Captain Muller, who commanded the redoubt, in which were stationed 110 men of the foreign Legion, called out with 43 soldiers, and having put them at some distance, fell into an ambuscade prepared by 600 of the enemy's cavalry, who put every one of them to the sword.

The consideration was general; the militia had been called out, and provided with ball cartridges and ordered to be ready to march at the first signal.

### LOSS OF THE WILLIAM BROWN.

DISASTER SHIPWRECK.—Mauritius May 10. The Louis Philippe, New York packet ship, has this moment arrived. Information having reached the town that some shipwrecked seamen were on board, the report however, general, that they were on board the President, and the ex-president.

There was a strong body of the crew, however, who had got ashore, and were taken into one.

Today the mate and eight of the crew of the William Brown, bound from Liverpool to Philadelphia, which was sunk by an iceberg in the latter part of last month. It appears, when the vessel struck, thirty-eight passengers, the mate, and eight of the crew took to the long boat; the captain, three of the crew and eleven passengers, took to the jolly boat; and the rest, with the vessel. These boats parted in the night. A day after the accident, the mate had them to the shore, in order to lighten the boat to three tons, all the passengers overboard. When they accomplished, and

had to leave the boat, they did not find them.

At last, however, they got ashore, and they were found to be dead, and they were buried in the deep. After this, they were buried in the sea.

assassinated the General falling with the boat, and saved the survivors of this horrid deed. The passengers remained on board the Crescent; the crew, excepted in the Ville de Lyon; they are now under examination by the American Consul. The result will fail to corroborate what you say; but you may rely on what I have already stated. The jolly boat has not been heard of. The date of the Ville de Lyon have been anticipated by the Acadia. [Morning Post.]

FURTHER PARTICULARS.—HARBOUR, May 13. The American ship Crescent, Capt. Bell, arrived here yesterday evening with the remainder of the passengers of the William Brown, who were saved in the long boat. The arrival of this vessel has confirmed all the horrid details given of the dreadful scene which took place during the night of the 20th and 21st of April. Of the sixteen passengers who were thrown into the sea, fourteen were men and two women of the seventeen saved fifteen were women and two are men. One of these men was seized for the purpose of being thrown overboard by the crew of the boat. He cried out to the mate to save him, and not to tear him from his wife. The mate told the men not to separate man and wife if it were possible to help it. He fell into the bottom of the boat, and was saved. A boy twelve years of age was thrown overboard. He caught hold of the boat and favored by the darkness of the night crawled under the bows and was saved. All the women saved are young, except the mother of a Scotch family from Dumfrieshire, who, with her five daughters and a servant girl, were saved; her name is Edgar. Her husband and sons are settled at Germantown near Philadelphia.

A young woman with her infant at her breast succeeded in getting into the boat with her husband; they are amongst the survivors. This name is Patrick, from Cook's town, county Tyrone, the property of Col. Stewart. Several persons from that gentleman's estate or neighborhood have met with a watery grave. One family of the name of Lynden (twelve in all) sank with the vessel; and another named Corr

father, mother and five children sank at the same time; the little boy who was thrown from the boat was one of that family. He had not a soul left belonging to him. They were also from Col. Stewart's property. A Mrs. Anderson, with three children, who were going to join her husband, a medical gentleman, settled at Cincinnati, sank with the ship. Miss Anderson and a Miss Bradley were thrown into the sea from the long boat. The tales which the survivors relate are piteous, horrifying. The crew and passengers were examined by the British and American Consuls this morning, and the impression is that the dreadful act of throwing their fellow creatures overboard was of imminent necessity; but it is to be hoped that the two Consuls will give publicity to the examination, in order that the public mind may be satisfied on this point.

THE LAW REPORTER for June is received. It contains the case of Edmund Kean and Mrs. Alderman Cox, which created such a sensation in England and in this country in 1824-5. This case contains something more than legal information, and would benefit some silly husbands we have heard of, if they would have an eye to its moral.

The Reporter also contains some interesting American decisions, of cases of the U. S. and States' Courts. It seems that the law, as it has been decided in Rhode Island, does not admit proof of gross negligence on the part of the insured, to be introduced by the underwriters, in an action against them on the policy. Chapin and al. v. Prob. Wash. Ins. Co.

In the case of Thomas v. Hatch for the flats in this city, we find the Court decides that

"If a plan is referred to in a deed, and the land according to that plan, is bounded on a river, with no other specific boundary than the river, the flats will pass by operation of law, with the upland."

In Weddell v. Veszie, it is decided that when the Circuit Court of the U. S. and the State Court have concurrent jurisdiction, the former has no discretionary power to refuse jurisdiction to prevent a collision between the two Courts.

SECRETARY BADGER has taken the late residence of Gov. Woodbury. Mr. Webster resides on Capitol Hill. Mr. Bell occupies the former residence of the French Minister. Mr. Ewing they say, is next neighbor to Mr. Bell. I have not heard yet, where the Attorney-General has taken up his residence. Penn. Inq.

It is somewhat doubtful whether a quorum of the Senate will be in attendance to day. There is very little reason to doubt there being a quo- rum to-morrow, however.

The President's Message to both Houses (which will naturally be looked for, both in and out of Congress, with great interest) will be delivered about noon to-morrow. Nat. Intell.

CARS will run as follows, till further no-  
tice.

Leave Bangor 6 o'clock A.M.

Arrive A.M.

Leave Portland 7 o'clock P.M.

Arrive 8 P.M.

E. MARKS, Supl.

JOY-Important Notice.  
It is a singular fact and due much to be regretted, that valuable medicines, as soon as they become popular, and have received the "Approval of the discriminating public, are sure to be counterfeited, and that a bad bolt spur, or article, is usually palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular tried and truly valuable medicines, for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiters, in this way, easily takes advantage of all the efforts and the advertising used by the proprietors of the genuine article, to get their medicines into use, and derive personal gratification. It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to rise up, frown down, and forever after distrust all baseless impates, who thus irresponsibly bring with head and life.

THIRTY-FIVE TAKES NOTICE.

There is a person by the name of J. B. ROCHE-

PORT, now engaged in selling a Pill done-up in

boxes in exact and perfect imitation of the genuine

INDIAN VEGETABLE PILLS, with the omission

of any word on the boxes, viz. WRIGHT. The

Pills sold by this Rochefort are evidently intended

as a fraud and imposition upon the community or

they would not have been done up in such exacti-

mation of the genuine. This person is tall and blus-

tering, with a great theatrical swagger. He was

recently known as a very poor player in Baltimore,

under the musical cognomen of Jim Brown, and is

about twenty five years of age. It is almost beyond

a doubt that he is supplied with the Pills from a

Draught firm in this city, who have been heretofore

notoriously connected with counterfeit medicines.

As soon as proof is obtained, the fountain head of

this nefarious business will be exposed, that the

culpability may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE

CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills

of any one who does not exhibit a certificate of

agency signed by the Agent for the New England

States, and bearing date since January, 1810. Also

take particular notice that the following wording is

on the Boxes.

WRIGHT'S Indian Vegetable Pills. (Indi-

Purgative) of the North American College of Health.

The INDIAN VEGETABLE PILLS are a certain

cure for disease in every variety of form, because

they ought cleanse the stomach and bowels,

induce a proper discharge by the lungs, skin and

kidneys, and stimulate the blood to purify itself.

In other words they open all the natural channels, and

is the NATURE (THE GRAND PHYSICIAN)

free to drive disease from the body. The above

outlets, or drains, are the common sewers of the body,

through which all morbid and corrupt humors

(the cause of disease) are carried off, so long as

they are all kept open, and discharge freely, their

allied portions of impurity the body will continue

in health; but when from eating improper food,

breathing in pure air, sudden transitions from heat

to cold, over-exhaustion, or any other cause, the bowels

some-cause, the pores of the skin become closed

or the kidneys fail to perform their functions properly,

the impurities which should be drained from the

body by those outlets will be retained, and continue

to accumulate until the body becomes literally loaded

with disease.

The above pills may be taken at all times, and

are safe, with perfect safety.

They are also safe, and are of great service to the

army, constitution as fond, consequently

they can never injure even the most delicate. Like

our food they are digestible; therefore they enter

into the system, and impart an energy to the

blood, which enables it to flow with freedom, quite

to the extremities, and consequently to keep the

pores of the skin open. They are true and perfect

remedies, because they drain all corrupted

humors, because they drain all corrupted

humors
